**Cc:** McKee, Maria (DAT)  
**Subject:** BID Cameras

Hi Al,

Hope you are well. As you know, I manage the Crime Strategies Unit (CSU) at the San Francisco District Attorney's Office. CSU is currently in the process of creating a surveillance camera interactive map (SCIM) for the entire city of SF. The database would map all surveillance cameras (both public and private) for purposes of evidentiary investigation. To that end, we are currently mapping (manually) all private cameras and Van Jackson has informed me that you may be a good contact for integrating all preexisting BID cameras that currently exist in the city. Is this something that you have some information about or could you possibly point me in the right direction?

Thank you in advance for your help and go Giants!

Frank

Frank

The Fisherman's Wharf CBD has mapped the cameras in that district. I think you could ask all the CBD's to map their cameras (I'm a board member of both the Fisherman's Wharf and Lower Polk CBD's) and can help you there. The CBD convention is coming up soon.

There also is a citywide merchants association called the Council of District Merchants. I am on their board as the representative from the Fishermans Wharf Merchants. We could probably approach them and I'm sure they would assist. Let's talk and brainstorm a plan.

**Attachments:** Union Square Camera Map.jpg

Frank,

I was just chatting with Lt. Kevin Knoble at Tenderloin. He's in charge of the foot patrols there. I was showing him your map, and he mentioned that the Union Square Business Improvement District has some sort of grant that they've used to install hi-d cameras around the Union Square area. They have a vested interest in showing results from their cameras to maintain the grant, so they might be good to speak with. Also good additional data for the SCIM map.

The contact is:

Randall Scott  
Union Square Business Improvement District  
415-781-7880  
[randall@unionsquarebid.com](mailto:randall@unionsquarebid.com)

I've attached a iphone photo of their camera coverage map that Kevin sent me.

**Per staff request to resend these links, please see attached.**

Dear Colleagues,

The SFDA Security Camera Interactive Map (SCIM) is now live and accessible from the link below. This map includes the location of both private and public security cameras across the city.

This map is a work in progress, and the Crime Strategies Unit will continue to add specs and contact information, as well as new cameras.

**Your contributions are welcome and will make the map more accurate and comprehensive!** Please use the Security Camera Registration form to register cameras that you know about personally or from your cases:

<http://www.sfdistrictattorney.org/index.aspx?page=414>

**Please note that this map contains private information and may not be shared with anyone outside of law enforcement. Please do not forward the map link.**

If you have any questions, don't hesitate to reach out.

Thanks!

**Subject:** High School interns

Hi Matt,

One of the high school interns (Micalyn Struble) who is interested in participating in the SCIM project will be on vacation and won't return until July 25<sup>th</sup>. Should I have her contact you when she gets back? The two high school interns who expressed an interest are Micalyn Struble [REDACTED] and David Wall [REDACTED]

There will be a new intern, Eva Tsenin, hopefully starting sometime next week. She is the daughter of Judge Kay Tsenin and will be a Freshman in college this Fall. Marshall Khine would like her to have several different experiences while she

is in the office and one of the projects mentioned was to have her work on the SCIM project. Eva still has to complete some paperwork before she begins but I will let you know when she will start.

FYI, I will be out of the office Monday and Tuesday and will be back in the office on Wednesday, July 13<sup>th</sup>.

Have a good weekend!

Tyrene

**Subject:** Re: Security Camera Interactive Map (SCIM)

The public safety cameras are from DEM. I will forward the list separately. Mary added the red light cameras that she was aware of. We have not requested a list of those, but I would imagine that one exists...

**Subject:** RE: Security Camera Interactive Map (SCIM)

The red light cameras and community safety cameras may have been imported from an initial list and not physically mapped out by Trent and Mary.  
Does anyone know where we got the initial information on the location of the public cameras?  
Was it from DPT or DEM?

**Subject:** RE: Watchtower Maps of Cameras

Hi Austin,

Could you provide me with whatever info you collected for the cameras in [REDACTED] so that I can add it to our SCIM database?

(POC, Phone number, email, camera specs, retention length)

Thanks,  
Matt

Matt,  
You probably already have this but just in case.

For those of you with incidents occurring in housing projects [REDACTED] (like the one attached here- [REDACTED])

This is my second time to utilize these maps and found them extremely helpful.

Frank:

This is great, although it will be a big challenge to keep it current.

Is it OK if I pass the form on to neighbors, blogs, media contacts?
